

LED TABLE & TOWER

Wow attendees with a multisensory event experience

Illuminated structures make a strong statement and our new LED structures prove why

EPed Table

A unique take on the traditional table top, the ePed Table uses LED lighting to give a one-dimensional form a dramatic visual presence on the show floor

- Clear acrylic top with etched design
- Full spectrum of LED colors
- Durable glass table top
- Chrome base & pole
- USB & electrical outlet charging feature

Light It Up ...

The applications are endless

- Charging stations
- Party décor
- Sponsorships
- Event graphics
- Exhibitor furnishings

LED Tower

Our backlit LED Tower is ideal for giving your event graphics the high definition treatment they deserve

- 360 degrees
- Wireless capabilities
- Interchangeable graphics
- Metal: VS45 95.5"
- Panels: 36.5" x 87.5"
